About the cover:

The cover of this Big Book Buying Guide is a fusion of 1920's French Art Deco with modern educational icons, with Dean Maynard's design being inspired by a Parisian poster of the 1920's. This combination of old and new represents the very heart of Western cultural expression, in the French style.

Due February 2016, **StoryWorld** is a new literacy/social studies resource for Years 2 and 3. It provides students and teachers with a collection of traditional tales and additional material centred around countries and cultures.

Set 1 includes traditional tales important to our local culture, such as Maori and Samoan collections. It also includes stories from major immigration groups, such as China, Korea, Afghanistan, Sri Lanka, and East Africa, as well as stories from Canada and South America.

Presented in a flip-book format, titles in StoryWorld include:

- A 16-page traditional tale with full colour, modern illustrations
- An 8-page information section exploring the country/culture of origin in a range of formats: non-fiction reports, photo essays, poems, journals, procedural texts, and interviews
- A separate literacy level is given for the 16-page tale and the 8-page information section. The tale is at a lower level to allow for ease of reading. The information section is at a higher level to allow for extension.
